

Endura® | 378GOBTX

Goatskin driver gloves with short cuffs that resists oil and water, along with a maximum cut liner

ABOUT THE PRODUCT

Our Endura® 378GOBTX goatskin driver gloves are treated with Oilbloc™ to resist oil and water, as well as short cuffs and ANSI Cut Level A9 TenActiv liner. The short cuffs are a safety cuff and the seamless knit liner ensures a more soft, cooler, and comfortable fit. The goatskin leather provides more dexterity and durability. Ideal for working in high cut hazard conditions where oil and water resistance is needed.
